- We try to offer a secure environment for our young visitors and provide different possibilities to spend their spare time in a meaningful way. There is a regular weekly program and additionally we also music, dancing, different games, football and basketball, tabletop. We regularly organize parties and projects for and with young people.
- Consulting and accompanying young people in their individual needs like finding a job, dealing with conflicts in their families and offering decent information concerning drug abuse, sexuality, education... are other important issues in our work.
- We always work in teams (pairs) in the youth center. They are supported by youth workers and can talk to them about their interests and needs.

Location, Housing, Funding:

The **point** is located in the community Jenbach, with about 7.000 inhabitants. Jenbach lies between Ziller-valley ("Zillertal") and Achensee, two touristic areas that are famous for winter- and summer sports. Hiking and Skiing is very common here. Innsbruck, the capital town of Tyrol (40 km away) is an interesting and nice town where young folks like to meet and party. Jenbach lies on the main route of the local train system so one can easily reach Innsbruck. Schwaz, the capital town of the district, is quite close and offers many bars and a concert hall and in summer it is easy reachable by bicycle (8 Km).

We offer a flat where the volunteer will live on his or her own in Jenbach. The apartment is quite large, and it is close to the train station. Transportation to work is not needed; everything is within walking-distance. Public transport is easily accessible and well organized. The volunteer will be able to eat lunch at the local social centre five days a week (Mo-Fr). For breakfast, weekend days and holidays as well as for cooking dinner for him/herself occasionally, the volunteer will receive enough extra money.

Funding:

This project will be funded by the EU- programme "European Solidarity Corps".

!!! This project will be submitted for funding on 7 May, we will know about the grant in early July and are optimistic, due to our past positive record 😊 !!!

The volunteer will receive food money and a monthly pocket money of Euro 150. The ONLY financial contribution that the selected volunteer may need to make is to pay a small share of the travel costs if necessary (there is an EU-lump sum budget for the journeys to and from the project available).

Tasks & Activities of the volunteer:

The volunteer will be engaged in a variety of tasks and activities, 35 hours per week, on five days per week. The volunteer is supported by the team and will participate in team meetings.

The main tasks and activities of the volunteer in this project are:

- The most important "activity" is to get in contact with the young visitors at the **youth centre**. It is important that the person likes to play and communicate with youngsters and likes to listen. Each of us in the team is a kind of "role model", also the volunteer.
- The **afternoon school** is also in the youth centre. The volunteer takes care of the students; he/she supports the students in learning and there is always time to play after completing the homework. The volunteer will also take part in the afternoon school.
- Involvement in **leisure activities** with our visitors (for example: table tennis, cooking, baking, handicraft, creative workshops, football, workshops on different topics like health, self-esteem etc.)
- Occasionally, we host **parties** in the youth centre or organise open-air events - the volunteer will be able to participate in both.
- The volunteer is warmly invited to **realise own ideas**, to provide information and workshops about his/her country of origin and share his/her own culture with our youth centre.
- The volunteer can help the young visitors to get the courage to participate in some international program too, so that our visitors get an idea of different lifestyles and the diversity in the European Union and the whole world.
