Located in Telfs in Tirol, Austria

The community of Telfs has been hosting volunteers since 2014. This year, three volunteers from different countries will be hosted at the same time, all three starting in October. You may volunteer with children and youth in different daytime structures that our community offers.

### This project focuses on three different areas:

- **The local youth department with the focus on open youth work** (two youth centers and streetwork): We support young people (focus group 12-19) to find their way in life, to give them a place to spend their free time in a relaxed, creative or sportive way. In Telfs we have two youth centers, **Chilli** and **Fuchsbau**, with five youth workers and a team of two streetworkers. The whole team aims at offering an interesting program for young people, so that they can collect new learning experiences. The youth centers offer a soccer ground, various games, a dance/boxing room, kitchen/bar and an own recording studio. Also, there are some extra activities around sports, education, music, creativity and so on. The youth work team is very motivated and open-minded. You will have great opportunities here to bring in your ideas and individual skills!
- **Our after-school assistance programme for children between 6 and 14 years:** The volunteers will also be supporting this lively, rewarding field of our work. The target group of the after-school assistance are school children from 6 to 14 years. The main activities are playing with the children, looking after them, supporting their learning and cooperating with the kind team.
- **Play school for children from 3 to 6 years:** Another aspect of this voluntary service is supporting the play school, visited by pre-school children from age 3 on. You can learn to work with this target group, help them in daily life, advised by the play school teachers.

**We will agree with you, in which of the three areas you will spend how much time during your voluntary service. Be ready to get involved in all of them!**

## **Tasks & Activities of the volunteer:**

- being part of and support the teams in the different working areas
- planning and organising youth leisure activities and events in a participative way
- being creative and bringing in own ideas into the project
- taking part in regular team meetings
- doing simple bar work in the youth centres

The volunteer will work five days a week, a maximum of 35 hours a week including the German course in the first semester. The volunteer will have two holidays per month in addition to the weekends.

The volunteer will be encouraged and accompanied to support the youngsters to tackle tasks themselves, so that the young people can discover their potential and abilities. The volunteer's work will be guided by our professional employees.

The volunteer will be able to learn a lot during this project, he or she will have an interesting role and gain valuable experience and skills in working with children and teenagers. The volunteer will learn a lot about the youngster's situation in Telfs, their topics, language, personal situations and problems. Furthermore, the volunteer will get to know the work of youth workers, children leisure and play school and the challenges in the different areas. We welcome new and creative ideas, which we believe add new perspectives to our organisation.

Examples for such creative ideas are: creating a country-specific day with special meals or events, baking Christmas cookies, doing an artistic project with the youngsters, healthy cooking

day, playing a big game in nature to make the youngsters spend more time outside, working with some people in our recording studio...

## Location and accommodation:

We have a rented flat for our volunteers in Telfs. You would live together with two other volunteers of the community Telfs. You have your own room and there are common facilities such as a kitchen, living room and balcony. Infrastructure is close-by. It is a shared flat for three people and depending on the individual wishes, it offers common spaces for a social flat-life or you can go your own ways too. You will need to be open about how it works for you.

Telfs is located 30 km to the West from Innsbruck and there are good bus and train connections to the regional capital. We have quite good infrastructure with sport centres, bars, shopping malls, lots of nature and mountains. Telfs is a young town with a significant migrant population!
